30 Conifer Seedlings \$1.00 Postpaid

5 Genuine Blue Spruce, 2 years; 10 White Pine, 10 Red Pine, 5 Siberian Larch, 3 years old, 3-6 inches tall.

Encircle your home with these Popular Trees

18 TRANSPLANTED CONIFERS, \$2.75 POSTPAID. 6 Canadian Hemlock, 6-year TT., 6-8 inches; 6 Alpine or Rocky Mountain Fir, 5-year TT., 6-8 inches; 6 Siberian Larch, 3-year T., 6-8 inches. This is a Fine Collection of Conifer Trees at a Remarkably low Price.

A Lawn Favorite

6 EVERGREENS, 7 YEARS OLD FOR \$6.50. ALL TWO OR MORE TIMES TRANSPLANTED. 2 Norway Spruce, 2-3 feet; 2 Concolor Fir, 18-24 inches; 2 Colorado Blue Spruce, 15-18 inches. Regular \$9.25 value for only \$6.50. Half the above for \$3.75.

Note: All Blue Spruces mentioned in this circular are grown from hand-picked seed from Blue Forests, which produces a large percentage of blue trees.

5 PEONIES, LARGE DIVISIONS (unnamed), FOR ONLY \$1.00 OR 10 FOR \$1.85. Our collection of Peonies includes such varieties as Festiva Maxima, white; Sarah Bernhardt, rose, petals silver tipped; Richardson's Superba, late, dark red; Eudulus Superba, double rose pink. Unfortunately for us the tags have blown off and we are unable to send out named varieties or colors of these peonies this season, consequently we are obliged to sell the roots at the much reduced prices quoted above. Please do not ask for particular colors or varieties.

5 OLD-FASHIONED GARDEN PINKS, 60c; 25 FOR \$2.50. These old-fashioned hardy, sweet-scented garden pinks are fine for perennial borders, rockeries and specimen plants.

FREE for securing additional plants without cost see enclosed order blank.

If you are located beyond the fifth zone add 12c to anniversary special offers No. 1, 2, 3 and 4, and 20c to offer No. 5.

TERMS AND CONDITIONS OF SALES

READ CAREFULLY BEFORE ORDERING

TERMS OF PAYMENT—Our terms are cash with the order, or 50% with the order and the balance C. O. D.

Remittance may be made by check, P. O. Money Order, or cash by registered mail.

PACKING—We make no charge for packing but cannot pack less than five plants of a kind and size. NO ORDERS ACCEPTED FOR LESS THAN \$1.00.

We take great care in packing and shipping our plants and unless otherwise notified we shall forward by Railway Express or parcel post, which ensures fast, dependable service and safe arrival of your order.

Prices quoted are F. O. B. Portland, Maine, except on orders marked postpaid or prepaid.

CERTIFICATE OF INSPECTION—Our Nurseries are frequently inspected by State and Federal Inspectors, and a copy of Inspection Certificate accompanies all orders.

IMPORTANT: WHEN TO ORDER—Our season for shipping is very short. As soon as the frost is out, our stock has to be dug, sorted, counted, packed and shipped as soon as possible. It means more than just another shipment to have your order early. You, too, get a better selection and your trees gain several days or weeks growing by being planted early. In appreciation of early orders of \$5.00 or more, if received within 10 days after date of postmark on this folder, we will include FREE OF CHARGE 15 White Birch (*Betula papyrifera*) 1-year seedlings.

DON'T DELAY, send your order in now, we will reserve and make shipment when you desire, or if you wish we will send at the proper time.

GUARANTEE—The best guarantee we know is to give your plants proper care, if you do this your losses will be reduced to a minimum. We send out healthy stock only, and with proper attention it will grow into sturdy plants. We are constantly aiming to improve our methods of growing, handling and shipping small trees so as to insure their successful growth when transplanted by our customers. For the past 91 years growing and shipping young trees has been a specialty with us.

All stock is labeled true to name, but in case of error we will gladly replace any material which proves otherwise, or we will, on proper proof, return the original cost of mislabeled trees, but at no time will we be responsible for a sum greater than the original cost.

LOCATION—Our nurseries are located at North Scarborough, Maine, seven miles west of Union Station on the Portland-Buxton road, Route 22. Office and residence at 293 Westbrook Street, Portland, Maine, two miles west of Union Station.

Larch - LARIX

Siberian Larch, *L. siberica*. [See note.]

Shape narrow, or in old trees broadly pyramidal with slender trunk. Branches horizontal or sweeping downward covered with purplish or grayish cones in early spring. Coming from Siberia, makes this deciduous conifer a very hardy variety. When the leaves unfold in the spring the Siberian Larch is truly a lovely sight. Height 80 feet.

Age	Size	Quantity of TREES				Per 1000
		5 to 9	10 to 24	25 to 99	100 to 250	
3-yr. S.	4- 8 in.	10c ea.	7c ea.	4c ea.	3c ea.	
3-yr. T.	4- 8 in.	12c	9c	6c	4c	
3-yr. T.	8-10 in.	14c	12c	9c	6c	

NOTE: English and Siberian Larch seed was planted together so the trees will be mixed, either variety being of equal beauty.

Small Ornamental Trees and Shrubs at Prices You Can Afford

Silver Maple, *Acer dasycarpum*.

The most rapid grower of all the maples, with light green leaves, silvery underneath; valued for shade and street planting due to rapid growth.

Age	Size	Quantity of TREES				Per 1000
		5 to 9	10 to 24	25 to 99	100 to 250	
3-yr. T.	4-5 feet	35c ea.	30c ea.	25c ea.		

Amur Maple, *Acer ginnala*.

A small shrubby tree with small white flowers in early spring and light green leaves, which turn to rich crimson in the autumn. Fine for high hedges and wind-breaks; very hardy.

Age	Size	Quantity of TREES				Per 1000
		5 to 9	10 to 24	25 to 99	100 to 250	
6-yr. T.	3-4 feet	50c ea.	40c ea.	30c ea.		

Norway Maple, *Acer platanoides*.

A valuable variety for parks, lawns or street planting, forming a round, compact head with dark green leaves holding their color late in the season. The trees listed below are stocky, well-rooted transplants.

Age	Size	Quantity of TREES				Per 1000
		5 to 9	10 to 24	25 to 99	100 to 250	
6-yr. TT.	3-4 feet	50c ea.	45c ea.	40c ea.		
7-yr. TT.	4-6 feet	90c	85c	75c		
7-yr. TT.	6-8 feet	1.25	1.00			

Red Maple, *Acer rubrum*.

Medium size, rapid grower, producing clusters of bright scarlet or yellowish red flowers before the leaves appear. The brilliant fall coloring of scarlet and orange make this tree highly valuable in landscape effects.

Age	Size	Quantity of TREES				Per 1000
		5 to 9	10 to 24	25 to 99	100 to 250	
3-yr. T.	8-12 in.	10c ea.	8c ea.	6c ea.		
3-yr. T.	12-18 in.	12c	10c	7c		

Mt. Ash, *Sorbus, americana*.

A rapid growing tree of medium size, covered with clusters of bright scarlet berries. A beautiful lawn specimen attaining an approximate height of 30 feet. The trees we offer are thrifty, well rooted and will mature into handsome ornamental trees in a short time.

Age	Size	Quantity of TREES				Per 1000
		5 to 9	10 to 24	25 to 99	100 to 250	
2-yr. T.	8-12 in.	12c ea.	10c ea.	7c ea.		
3-yr. T.	12-15 in.	14c	12c	9c		

European Linden, *Tilia vulgaris*.

A handsome, vigorous growing variety with small dark green leaves and fragrant white blossoms in the early spring; fine for lawn and street planting.

Age	Size	Quantity of TREES				Per 1000
		5 to 9	10 to 24	25 to 99	100 to 250	
2-yr. T.	8-12 in.	7c ea.	6c ea.	5c ea.		

American Elm, *Ulmus americana*.

One of the best Elms, a strong upright grower with dark green leaves; one of New England's oldest street and park trees.

Age	Size	Quantity of TREES				Per 1000
		5 to 9	10 to 24	25 to 99	100 to 250	
6-yr. TT.	3-4 feet	40c ea.	30c ea.			
6-yr. TT.	4-6 feet	50c	40c			
7-yr. TT.	6-8 feet	75c	60c			

Winterberry, *Ilex verticillata*.

Often called Black Alder, this variety of deciduous holly covered in the fall with quantities of round scarlet berries, much used for Christmas decorations, is a very attractive shrub. Height 8 feet.

Age	Size	Quantity of TREES				Per 1000
		5 to 9	10 to 24	25 to 99	100 to 250	
2-yr. T.	4-8 in.	7c ea.	6c ea.	5c ea.	4c ea.	3c ea.

Japanese Barberry, *Berberis thunbergii*.

A very popular hedge plant; forming a dense bush of neat, graceful, weeping habit, covered with bright red berries in the fall and remaining through the winter. The autumn coloring of brilliant scarlet makes this shrub an outstanding plant for hedge and specimen planting. For hedges, plant one foot apart.

Age	Size	Quantity of TREES				Per 1000
		5 to 9	10 to 24	25 to 99	100 to 250	
2-yr. T.	8-12 in.	8c ea.	7c ea.	6c ea.	5c ea.	4c ea.

Fir - ABIES

Alpine Fir, *A. lasiocarpa* (Rocky Mountain Fir).

A truly handsome evergreen, with soft, delicate bluish green foliage, which makes this variety an outstanding lawn specimen of dignity and charm. We believe this conifer surpasses the much desired Blue Spruce in many respects. The trees we offer have been sheared several times, which makes for density and beauty.

Age	Size	Quantity of TREES				Per 1000
		5 to 9	10 to 24	25 to 99	100 to 250	
5-yr. T.	6- 8 in.	18c ea.	15c ea.	11c ea.	7c ea.	
5-yr. TT.	3- 6 in.	18c	15c	11c	7c	
6-yr. TT.	6-10 in.	22c	18c	15c	12c	

Concolor Fir, *A. concolor*.

Often called White Fir, this specie, being a native of the Rocky Mountain region, is very hardy and withstands wind and drouth exceptionally well. The foliage varying from pale gray-green to a beautiful soft blue makes this tree the most graceful of all the Firs. Height 75 feet. The trees we offer are especially fine.

Age	Size	Quantity of TREES				Per 1000
		5 to 9	10 to 24	25 to 99	100 to 250	
7-yr. TTT.	12-15 in.	50c ea.	40c ea.	35c ea.		
7-yr. TTT.	15-18 in.	60c	50c	40c		
8-yr. TTT.	18-24 in.	Fine for specimen planting. Regular \$2.00 each. ANNIVERSARY PRICE 5 FOR \$6.50. No orders for less than 5 trees.				

Spruce - PICEA

Colorado Blue Spruce, *P. pungens*.

Perhaps no conifer has been received into popular favor more readily than the Colorado Blue Spruce, and certainly none has been more extensively planted. A most desirable lawn specimen, with a color effect ranging from grayish green to bright silvery blue; hardy, symmetrical and handsome. Height 75 feet.

Age	Size	Quantity of TREES				Per 1000
		5 to 9	10 to 24	25 to 99	100 to 250	
4-yr. T.	3- 6 in.	15c ea.	12c ea.	9c ea.		
7-yr. TT.	8-12 in.	30c	25c			
8-yr. TTT.	18-24 in.	Full, stocky trees for immediate effect and permanent planting. Regularly priced at \$2.50 each. ANNIVERSARY PRICE 5 FOR \$7.75. No orders for less than 5 trees.				

Norway Spruce, *P. excelsa*.

A valuable variety of rapid growth, very symmetrical and graceful, with long, wavy branches extending to the ground. The needles are dark green and the cones are much longer than those of the native Spruces. Fine for landscape effects, hedges, screens and wind-breaks. Reaches a height of 70-80 feet, but may be sheared to any desired height.

Age	Size	Quantity of TREES				Per 1000
		5 to 9	10 to 24	25 to 99	100 to 250	
3-yr. T.	3-6 in.	12c ea.	9c ea.	6c ea.	4c ea.	†
4-yr. T.	5-9 in.	15c	12c	9c	6c	

White Spruce, *P. canadensis*.

A tree of moderate growth, forming a conical shape top, with short, green, slightly glaucous leaves. For the colder parts of the country this is one of the best spruces. Height 50-60 feet.

Age	Size	Quantity of TREES				Per 1000
		5 to 9	10 to 24	25 to 99	100 to 250	
3-yr. T.	3-6 in.	10c ea.	7c ea.	4c ea.	3c ea.	
4-yr. T.	5-10 in.	12c	9c	6c	4c	

Pine - PINUS

Austrian Pine, *P. nigra*.

A vigorous growing variety, with long dark green leaves; the most dense of the Pines. Will thrive when planted near the seashore or in the smoke of cities and factories. Approximate height 60 feet.

Age	Size	Quantity of TREES				Per 1000
		5 to 9	10 to 24	25 to 99	100 to 250	
3-yr. T.	3-6 in.	12c ea.	9c ea.	6c ea.	4c ea.	
4-yr. T.	6-8 in.	15c	12c	9c	6c	

Mugho Pine, *P. montana mugho*.

A very pretty dwarf, dense evergreen, seldom growing more than 8-10 feet. Foliage is dark green winter and summer and may be kept in bounds by shearing, if desired. Fine for rockeries. Very hardy.

Age	Size	Quantity of TREES				Per 1000
		5 to 9	10 to 24	25 to 99	100 to 250	
2-yr. S.	2-4 in.	10c ea.	7c ea.	4c ea.	3c ea.	†
3-yr. T.	2-5 in.	15c	12c	9c	6c	

Dwarf Mugho Pine, *P. mugho compacta*.

A darker more dwarf variety than Mugho Pine, with similar habits but more dense and darker.

Age	Size	Quantity of TREES				Per 1000
		5 to 9	10 to 24	25 to 99	100 to 250	
6-yr. TT.	4-6 in.	22c ea.	18c ea.	15c ea.	12c ea.	

Red Pine, *P. resinosa*.

A large, erect-growing variety with long, soft, needle-like foliage. Young trees form a conical outline with branches extending to the ground. Reaching a height of 80 to 90 feet, the Red Pine is much used in forestry planting. A very picturesque Evergreen for ornamental plantings. Will thrive on dry rocky ridges or light sandy soil.

Age	Size	Quantity of TREES				Per 1000
		5 to 9	10 to 24	25 to 99	100 to 250	
3-yr. S.	3-5 in.	10c ea.	7c ea.	4c ea.	3c ea.	†
3-yr. T.	3-5 in.	12c	9c	6c	4c	†
4-yr. T.	6-8 in.	15c	12c	9c	6c	

Colorado Blue Spruce

Scotch Pine, *P. sylvestris*.

A rapid growing Evergreen when young. Will grow on poor soil. The foliage is light silvery green. This specie often grows to 60 feet and when very young produces sharp pointed cones of artistic beauty.

Age	Size	Quantity of TREES				Per 1000
		5 to 9	10 to 24	25 to 99	100 to 250	
3-yr. T.	4- 8 in.	10c ea.	7c ea.	4c ea.	3c ea.	†
4-yr. T.	10-15 in.	15c	12c	9c	6c	

*Siberian Swiss Stone Pine, *P. cembra siberica*.

A valuable, small, slow-growing variety with soft, dark silvery green foliage; of conical growth; more dense than the much used Swiss Stone Pine. Valuable for rockeries, parks and small places; rare, hardy, beautiful. Height 8-10 feet.

Age	Size	Quantity of TREES				Per 1000
		5 to 9	10 to 24	25 to 99	100 to 250	
7-yr. TT.	6- 8 in.	50c ea.	35c ea.	20c ea.		
8-yr. TT.	8-12 in.	75c	60c	40c		

*White Pine, *P. strobus*.

The largest and finest of the Pines, with soft, silvery green foliage. This variety will live and thrive on poor or sandy soil, where other coniferous trees would fail. Very picturesque for ornamental planting and much used for hedges, wind-breaks and the most valuable of all for forestry planting; often attaining a height of 100 feet.

Age	Size	Quantity of TREES				Per 1000
		5 to 9	10 to 24	25 to 99	100 to 250	
3-yr. S.	3-5 in.	10c ea.	7c ea.	4c ea.	3c ea.	†
3-yr. T.	3-5 in.	12c	9c	6c	4c	†

Douglas Fir, *pseudotsuga douglasii*.

One of the loftiest and most valuable of the conifers, forming a compact pyramidal head, with foliage varying from dark green to grayish blue. Will grow in full sunlight or partial shade.

Age	Size	Quantity of TREES				Per 1000
		5 to 9	10 to 24	25 to 99	100 to 250	
3-yr. T.	3-5 in.	15c ea.	12c ea.	9c ea.	6c ea.

HAVE I ROOM ENOUGH T

Yes . . .

. . . small trees take a very little space to plant and a small investment will return itself many times, besides the enjoyment of growing your own plants. The smallest yard can grow hundreds of small seedlings or transplants. (See directions below for growing small trees before planting them permanently.)*

HOW TO PLANT SMALL TREES IN A PERMANENT PLACE

Small trees may be set out permanently at any desired distance. The ground should be spaded and well-rotted manure, bone meal or sheep dressing worked into the soil. The ground should be leveled and firmed, and all roots and foreign matter raked off. When planting permanently, a spade or trowel may be used to open the ground, the roots inserted and loose soil drawn around them. At this stage the soil should be thoroughly wet and firmed to prevent air pockets. Keep your trees watered, and stir the soil occasionally. Small trees will respond to careful attention. A little artificial shade over seedlings will be of great benefit the first year.

*HOW TO GROW SMALL TREES IN A BED BEFORE PLANTING PERMANENTLY

After careful preparation of the ground, a straight-edge board four feet long and six inches wide is laid down and a vertical
